

STOCK TRACKER

EDUARD KRIVANEK

ALWAYS
WANTED TO
LEARN
INVESTING ?

REALTIME
PRICE
DATA

The purpose of this application is to enhance financial literacy skills by, first of all, providing financial metrics, reports and custom valuations about publicly listed companies to help determine corporation's intrinsic value and making smarter investing decisions

STOCK
FINANCIALS

Users of the application can trade any ticker symbol with virtual currency, watch how they portfolio change over time and adjust their trading strategies based on their analysis. To make things more interesting, we added a groups feature, which enables for users to compete with each other by accumulating greater wealth.

S&P 500
METRICS

Application is free to use, also provides market metadata, such nation inflation rate, bonds and treasury yield, exchange sector PE, daily best performing stocks, news, real time prices for stocks, cryptocurrencies and many more.
